Hi Steve,

I added in the PCB approvals issued in FY 2017 and 2018 to the spreadsheets and graph as well (see attached). The only weird thing was that for 2016, I counted that there should have been about 25 or so approvals, and the bar chart only shows 11. So, not sure what happened there, but I didn't change the bar graph for the previous data, I just added 16 approvals issued for FY2017 and 40 approvals issued in FY2018 to the bar chart, and I added the approval data in the respective FY17 and FY18 tabs.

Let me know if you have any questions.

Thanks,
Cynthia
